Thread: [\[US Only\] \\$10,000+/month guaranteed or refund. EARN FIRST, PAY LATER.](#)

BabyTron - January 24, 2024, 7:21 pm

If you're trusted, I will go first and you can pay me later or we can work out a cut deal.

I'll teach you to make at least \$10,000/month with very little skills or learning required. I made over \$30,000 last month. On Saturday, I made over \$1.9k in a couple hours.

FULLY LEGAL and will need to pay taxes.

Requirements:

- Only works in some US States
- You need \$750+ to start, it all goes to trustworthy places and isn't risked don't worry
- You need to be 21+
- A few hours per day of work
- Computer and preferably a decent setup

Price:

\$2,000 \$1,500 for the first 3 people OR we can work out a percentage deal if you're trustworthy. Payment can be after I teach you, can even be after you make a ton of money I don't care as long as I'm paid. Have to be trusted, though.

This isn't sustainable, so it's more-so a quick \$10k-\$30k than something to do long-term.

Once again, I will go first for trusted people. I'm new here so I understand suspicions.

If you want more information, feel free to reply or message me. I will share as much as I can without giving too much away. I can show proof of earnings but hard to hide an important piece of the "method" in doing so.

Messaged you

I'm down since it seems like no risk for me if it's legit I will pay. Easy enough.

Cool man you're definitely trusted enough (obviously) for me to go first! I hit you back.

Pay you \$1,500 to make \$10,000 a month plus guaranteed. Sus is obviously sus. Will wait on reviews.

Yeah this is more for trusted people here since nobody will go first with me (which is justified obviously lmao).

If there's any trusted middle mans we can use, we can figure out some terms to do it. I don't think I'd go fully first with you though based on your profile stats I don't consider you super trusted like the people I am looking for.

No worries, I'd be more suspicious if you were trying to get everyone in on it. I'll wait till a vouch comes out then. Thanks and good luck!

I'll middleman any deal for free.

Or I'll take you up to see if it works for others to start using.

I'd personally go with Lavish but I'm also available.

Lavish is in a state that doesn't work too well for the method.

Please PM me when you can and let me know what state you're in if possible.

Thanks boss!!

BabyTron - January 26, 2024, 10:07 pm

Don't know why nobody is taking me up on this. Should make \$2k-\$3k tomorrow, made around \$2k

in the past 2 days with probably 6-7 hours spent

It will not work with a VPN/RDP, and it is legal.

Hello. If this method really works can I just use it and pay you what I earn during the first day? From what you're saying it should be \$1,500 to \$2,000 and I'm willing to give you all of that. Let me know I can leave a review.

1) You won't earn \$1500-\$2000 on your first day. You will be able to do days like that after the first

week or so.

2) I would do the deal if you had a reputation on here, since then I can trust I'd get paid and also would get a reputable vouch out of it

Ah, completely understandable man. Let me know if you change your mind and best of luck with sales!

What locations are optimal?

I ask that anyone interested just hits me with a PM of their state if in the US and I can check. If you don't want to give out info like that that's fine, just send me 2-3 states instead including yours in there and I'll lyk which of the 3 work if that makes sense.

Will message you now.

Novaz1337 - February 1, 2024, 8:09 pm

Seems interesting, I might be interested.

Popular - February 1, 2024, 8:11 pm

I am interested in this method and will totally give it my all.

Lets work!

KodakCS - February 5, 2024, 8:14 pm

Does it work in Washington, Oregon, or California?

Mooooookie - February 6, 2024, 2:35 am

It's kind of odd how the trusted members all just happen to be in states it doesn't work in.

What states DOES it work in then?

Ab109 - April 26, 2024, 3:46 pm

Yea seems sus if you can't even put what states it works in and doesn't. Honestly what do you have to loose by naming states?

MassMax - April 27, 2024, 3:51 am

Highly interested. Any updates?

gorthole - May 27, 2024, 6:10 pm

taiko - November 4, 2024, 6:32 pm

Hello,

I would like to know if the method you teach is still effective on this day ?

Is it necessary to live in the US ?

I want to step in. If you still accept to be paid after I get some profits, that will open the door for me as 1500\$ is not possible yet.

Thanks.

Hndrty - November 4, 2024, 8:47 pm

Hi. Is this method related to hacking/cracking or like what? IM interested.
