Thread: [SuperBowl Predictions](#)

GruntStyl - January 28, 2024, 11:06 am

Who do you think is going to the Superbowl after today's games? And do you have any money on it!?

My Hope is for the Raven and Lions ?

V?rt - January 28, 2024, 11:25 am

I have money on 49ers chiefs finish with either team winning so hoping that comes true but I'm not sure. I don't watch football except for the super bowl.

Everyone wants the Ravens vs Lions, but the script will make it 49ers vs Chiefs.

Truth - January 28, 2024, 2:22 pm

I made a bet early on for the 49ers W

but Lions winning with eminem half time show would be cool lol

diiaz - January 28, 2024, 2:48 pm

Hopefully the Lions.

Been hearing that's the script.. And so far looks like Chiefs are going to get this win. Which is annoying because Mahones annoys me. Hopefully the lions get the win at this point. If not the superbowl isn't going to be as exciting for me this year and I would have lost \$\$\$ on both teams I have money on lol.

24-7 With the lions in the lead going into the half. Not how I expected this game to go so far. Curious if 49ers come out of the half strong to close the gap.

The script is playing out unfortunately ?

Wish the lions would be in it..

Is there a chance?

Deany - January 28, 2024, 6:39 pm

ah, too many upsets? I like to put a small amount of money on somewhat rare but not too rare (for a superbowl) plays that pay out big.

Yeah that was wild.. I'm not sure how you lose 24-7 going into the second half. If the lions would have kicked both of those field goals instead of going for it, they would have been on top. Very unfortunate. Lost \$\$\$ on both teams I wanted to make it (Ravens and Lions) lol.. I think this will now be the lamest super bowl I've witnessed in my life time haha. Literally have no interest this year. Oh well.

The script is to make Mahomes/Reid the next Brady/Belichick.

diiaz - January 29, 2024, 6:02 am

I'm gonna whack a bet on the Gatorade color.

I sure hope not, I can't stand Mahomes. Over rated, catered, spoiled, quarterback. Not saying he's not good but I hate how he is treated like the best thing since TB.

It honestly wouldn't surprise me if that is something you could place a bet on. lol

Monero-chan - January 29, 2024, 1:25 pm

I stopped caring about sports altogether.

Charlie Sheen - January 29, 2024, 2:27 pm

Since it's Chiefs vs 49ers now. My guess is the Chiefs. Andy Reid is going to study how the Lions attacked that defense and the Chiefs defense has already been stout this last half of the season. I

think Chiefs take it and Mahomes wins a 3rd superbowl.

I'm almost certain that the chiefs are going to win. They seem a bit more polished than the 49ers this year for sure. Although I say that and I thought the Lions looked better than the 49ers this year. And I really do think the better match-up would have been the lions vs the chiefs given the way the lions had played until that game on Sunday. They had it until the second half and watching them lately I was surprised they didn't get back in rhythm.

Personally I hope the 49ers win now because I can't stand Mahomes lol. But other than that this will probably be one of the most boring super bowls for me to date. I don't care for either team. Maybe I'll bet on chiefs and try to make some money back lol.

I'm rooting against the 49ers because my sister is a fan of them and I can't deal with the aftermath. I think Lions vs Chiefs would've made an excellent Superbowl considering the Lions beat the Chiefs week 1.

I think I was also rooting for the Lions just due to their fan base. And them never have seeing a superbowl on top of just having a real rough last 10 years lol. But hey maybe campbell can keep working his magic for that team. Either way they should be proud of their season.

I don't blame you for not wanting to catch heat for rooting for the opposite team. My in-laws are the same way with the cowboys lol. "Americas Team!" bleh...

Deany - January 29, 2024, 10:57 pm

Prob KC honestly just so they can say they won back-to-back

Deeemm - January 29, 2024, 11:29 pm

Chiefs to win, but anything can happen these days
