Thread: [Greetings from Poland - Siema kurwa](#)

Hello. I made few posts and forgot about sayin Hi!
So. Hello!

Im livin in Poland - interesting country with a lot of stupid people and hot girls. I came here to read up on ewhoring, to brush up on my SE skills, and maybe discover some new places where I can make money with my fake accounts.

I am someone who I believe is very knowledgeable about ewhoring, I have downloaded plenty of e-books on the subject which may contain more ewh sauce than this forum. I have studied them diligently, but unfortunately they concern people and methods from abroad. In Poland, some things are done completely differently. Unfortunately, I'm also a person who has knowledge but little practice, and I've been working on balancing that out for a while now.

Some people are probably wondering. If there is more knowledge in e-books than here, what am I doing here?

I have a few questions that I would like to receive an individual answer to.

That's my story :)

If someone here is from Poland too - reach me pls.

Welcome to the forums. I keep getting "Bober kurwa, ja pierdole" memes on my ig reels. They're hilarious

Welcome to HF [BejbaKrejza](#), make sure you read the [Help Docs](#) to familiarize yourself with the site, have a nice day.

To answer your question there's people in the marketplace selling ewhoring guides so that's most likely your best bet.
