Thread: [Free Casino Tournaments, No deposit with \\$ Prizes](#)

IntelligenceArtifical - February 3, 2024, 12:28 pm

Hey everyone

I hope I'm posting in the place. If its not a fit please forgive me.

Lately I stumbled upon something that I wanted to share with all of you.

I discovered casinos that organize free tournaments where you can win cash prizes. They usually split \$100 among the three winners. What caught my attention more is that each site hosts around 2 4 of these tournaments every day! During my exploration I found seven sites, with layouts and tournaments.

For the months I've been participating almost daily in these free tournaments and have managed to develop some strategies to increase my chances of winning.

The process is hassle free sign up without any deposit requirements and you have the option to use cryptocurrency for withdrawal or deposit.

Up until now luck has been on my side as I've won 25 tournaments and accumulated around \$1500 in winnings. Just keep in mind that withdrawing the prize money requires a deposit of \$10 but its been worth it for me.

I'm curious if any other members of our community have come across opportunities or if theres interest, in hearing more about my experience. To clarify I want to make it clear that I'm not seeking any referral or affiliate benefits from sharing this information. My intention is solely to share and find out if others have also come across this hidden treasure.

Just let me know when interested, i am getting a guide ready asap...

also i wont charge anything, just looking to share experiences

Having a small gambling problem, this might really be a solution not even lying.
If your guide is out, just give a little heads up.

Thanks,
Smillers.
