Thread: [IPTV Reseller Panel | \\$15 Per Year | Become an IPTV Reseller Today!](#)

Blue Eye Samurai - February 8, 2024, 5:51 am

Become an IPTV Reseller today!

Are you looking for a cheap and fully stable Reseller Plan ?

You will have access to a panel so you can create yourself your licences, choose channels you want.

Except Hackforums, you can sell it everywhere, no matter if other forums, friends and family, via RL contacts etc. Almost everyone watches TV or at least sports events. You can also sell packages with a FireTV Stick for example, where you simply install everything and sell it as ready to use service.

There are a lot of possibilities and compared to other products you can sell IPTV quite easily because the target audience is huge.

1 credit = 1 Year of IPTV.

10 Credits 180 USD

20 Credits 310 USD

50 Credits 650 USD

100 Credits 1200 USD

0,1 CREDIT = 1 MONTH

0.25 CREDIT = 3 MONTH

0,5 CREDIT = 6 MONTH

1 CREDIT = 1 YEAR

Terms of Service:Subscription are created & delivered manually so make sure you contact me in time.

All sales are final. No refunds once account is created and credits are assigned to you.

Account sharing is not allowed.

I am a vendor, not the creator of this IPTV service. The IPTV service has been up for 4+ years, but in the case of it going down, I will not be held liable for any refunds.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.
