:c why u want dis sadface

You should just convo him and request account closure.

Pentatonix - February 8, 2024, 7:50 pm

There's no days for this. He will perm close you when you see this. I'd recommend just doing a self ban for however long you think it'll take for this to pass, and at the end if you still want closed, then do it.

Oh for the love of Pete. Why? Just why?

oRequiem - February 8, 2024, 7:59 pm

Why do you want a perma-ban exactly?

jcole - February 8, 2024, 8:03 pm

VC ban seems like a much better option, at least you can change ur mind. I've VC banned myself for a year prior, it's well worth having a plan B than just aimlessly banning but it's ur acc (hopefully) so your choice.

Deym. Just saw this and was sad. He has a graphic giveaway!

anoncrab - February 8, 2024, 11:57 pm

Damn, sad to see. I'm not sure why you want this. But best of luck with your future endeavors.
