Happy VDAY <3

I am in between activities with my fiancé at the moment and figured I'd spread some love & cheer in the lounge.

Hope you all are finding, or enjoying the love of your life tonight!

Here are some never before seen hearts for you <3

Happy valentines day!

Is it still the 14th of February where you are?

Here in Denmark, it's already the 15th, we crossed over about 2 hours and 30 minutes ago.

What are you guys getting me for Valentine's Day?

Pinging all my boyfriends

What's this? I didn't know we were in a polyamory relationship. I'll let it slide though since they're all pretty cool.
