Thread: [help getting someones dox through social media accs](#)

copypaste2834 - February 19, 2024, 12:57 pm

hi, i currently have this info on someone im trying to dox:

first name
steam accounts/ids + previous aliases
tiktok
twitch
location (city + country)
contact email

ive looked through search0trocks and breachdirectory (dont really wanna pay for snusbase or dehashed) and im unable to find anything else using all the info above. just wondering where i can go from here to get extra info

cheers
