Thread: [Are VPNs or TOR usage allowed on the forum?](#)

zeroday12 - February 19, 2024, 6:33 pm

Hello everyone, as part of my OPSEC I've been on either one or both during last couple of months so would be gratefull for a clear answer if any of the two are allowed on the forum right now?

Thank you mate, right now I'm handling my new setup that includes multiple ip bounces that change around from a pool of IPs, mostly interested in learning about web exp and providing related coding services as in web crawling etc.
