Thread: [I Create Your AI Influencer/Model for Instagram and Onlyfans](#)

AdGo57 - February 21, 2024, 7:04 am

What I Offer:

Custom Super Realistic AI Influencer. I create an influencer based on a face you provide. I'll create 10 images for free based on your requirements.

You can always order more images of the same AI influencer later.

Free service for now, I'm trying to see if there is any interest for this kind of service here. Will do 3 * 10 images for free and then work on the design and aspect of the thread if there is interest.

Cheers,

Example below:

SICK ASF. I will message you by tomorrow with some photos.

trojohn - February 21, 2024, 9:12 am

How many images of the original face do you use?

One can be enough.

I usually won't recreate a person that exists but rather create an AI model with the same facial features as the person on the picture you'd provide.

I'm not using that tool. I'll try it later this week to see how it compares with my method.

Thanks for your message

I'd possibly be interested but would like to know how much you had in mind for additional images if you were to turn this into a service.

(TBH i'd even look into buying a course from you if you were open to it)

Thank for your response. I honestly don't know yet, wanted to ask here if people had an idea of a fair price to ask for this service.

I would say around 1\$ for additional pictures if we were in touch during the "free" period, seems fair to me. Let me know what you think.

Koyote - February 22, 2024, 5:50 am

OP made some images for me, and while a couple had some minor issues with additional fingers etc, it was nothing that couldn't be easily edited out. OP was quick to respond, quick to generate the images, and was very friendly and helpful in his approach. I will likely use this service again and bring people as customers for OP too, as I can see this being very useful for a lot of things beyond the initial scope covered in the opening post. Thanks!

I think \$1 is pretty reasonable. Maybe even push it higher and reserve \$1 per picture to customers who want a bulk amount, such at 20.

I'll DM you a face shortly mate. Any requirements on your side in terms of quality of the face photo(s), angle etc?

The best is for you to provide a passport-like face picture. The closest you can get to that, the better.

Hello, I can do anything. The main idea was to provide pictures of the same girl.

REKTMAS - March 12, 2024, 4:47 pm

Sure, this is not a problem. You can specify angle or poses and we will replicate it.
