Not sure if you guys have had Arizona the iced tea shit.

Anyways if you have what's your favorite flavor.

Dude there's these variety packs that have Fruit punch, watermelon, and grape

But I'd have to say my favorite is the mango flavor mainly because I put Mexican candy in the drink and shake it around most of the little candies have either tajin or some other spicy substance coated on them makes the drink taste 10 times better.

I dont know this, but had ice tea with beach flavour and it was shit, so never bought that again

Used to crush green teas, and this grape one. Don't really drink super sugary stuff anymore though.

I've had it, used to love it.

However...too much sugar...and I like my teeth...so I don't drink them anymore.

I used to buy these by the case back when places would sell them buy 1 get 1 free. I'd buy a case of 24 for \$12. I usually did watermelon, fruit punch, mango, ice tea with lemon or the half and half lemonade one.

Of those my favorite was probably watermelon. Now a days, I only get the green tea flavor. Which is crazy because that used to be my least favorite one.

Green tea all day. Used to drink them daily when I worked at a store as a kid.
