Thread: [Darkvision RAT Crypting](#)

H E J - February 28, 2024, 6:42 am

I want a private stub crypt for Darkvision RAT, since I don't know what crypting service fits Darkvision the best so I'm making a thread on it instead.

x64 Native

Hmu if you have a crypter that works with it.

"Best fit" isn't a thing. Just has to be the same language. [Ph4n70M Phr34K](#) has a solid guide here: <https://hackforums.net/showthread.php?tid=6233658>.
