Thread: [Sock color: Should it match the shoe color or not?](#)

Jamika - February 28, 2024, 9:22 am

Hello every one

So what do you think? Should the color be matching or near or what?

For me i usually have either black or white so my colors are same

What about u?

Nasty mf.

Black socks with dark shoes. White socks with light/white shoes.

Depends

I like white shoes, white socks.

But with black does prefer white socks. I guess im weird

I just buy black socks? just in case I lose a sock so I can pair it with another sock, who cares what socks you wear lol

Just wear what feels comfy lol

Some people say it looks dumb for your sock to match your shoe color. I don't really care. Some days mine do, other days, I put on some crazy socks.

Hot Take: sock color/pattern doesnt matter. mismatch, its more fun.
