Thread: [20 year tenure and 1 million gamerscore](#)

L?G?ND - March 1, 2024, 12:38 pm

Afternoon everyone,

As I've grown older, the less time I have to indulge in gaming. Whether it be my career, or more beneficial hobbies that have held my interest, I've decided to part ways with my Xbox account.

The account has a decent gamertag and the gamerscore is a little over 1 million. Additionally, the account has a 20 year tenure and level 2 ambassador badge. My purchase history is somewhat extensive, so that's a bonus.

I'm listing the account for \$1,500 BTC, or best offer.

Thank you

Gamer score is not modded, and was obtained legitimately.
