If there's 1 dish you could wake me up for it would be Kolokithakia with tzatziki.
Greek food and it slaps!

Arby's roast beef sandwich with cheese sticks, jalapeno poppers, curly fries, and a coke.

At that moment I only need to drink water?

Radi - March 25, 2024, 12:07 pm

That's hard to say depends on the night I'm sometimes feeling Taco Bell, sometimes Jack or some type of chicken sandwich from random place that is open super late.

Syndicate - March 25, 2024, 12:09 pm

I can't really say that I've woken up in the middle of the night and craved some sort of food. I usually have a snack before I brush my teeth so this doesn't happen lol

Patch - March 26, 2024, 12:15 am

I'll crave weed, but rarely snacks.

If anything toss me some frozen blueberries.
