Thread: [Offering Free Graphic Design Services](#)

\$nax - March 4, 2024, 9:31 pm

Hello HackForums :3

This isn't my first thread about "Graphic Design" but I am offering free Graphic Designs too all who are interested!

Including: Avatars, Banners, Thread Designs, Youtube Banners, Business Logos, Discord Server Logos.

I eventually plan to work for someone providing personal graphic designs for only a small chunk of crypto :3

DISCLAIMER: Sense this is a free service don't go expecting some top tier design you know just be humble. I provide simple yet clean and intriguing designs :)

I'm looking to rebrand myself.

"Security Nomad" is kind of my thing now. I was thinking of a stick and bundle with a tech symbol or something. Nothing too fancy.

I'm interested in any fun little icons, avatars, or branding content you'd be willing to bless me with. I'm not picky. Happy to provide feedback.

Very kind of you to offer this.
