Thread: [\[\\$45\] EWHORE PACK + 153 VERIFICATION PICS + 63 VERIFICATION VIDS](#)

Money- - March 5, 2024, 4:40 am

I have removed this pack from the main sales thread at :

<https://hackforums.net/showthread.php?tid=5949189>

I needed to add in new packs to the main sales thread. I am doing a discount on this pack since this pack has the least sales.

With the contract you can already file dispute so I don't see a need for 50% etc.

Hello,

I am not getting option to mention about 50% Payment before & after Delivery Remain 50%

I don't think you need to do that my man. If I scam you can use this contract to report me. I have already sent you my BTC address you can just send \$20.

I will send you the pack to your PM.
