Where are my other freedom fighter, democracy spreaders?

One of the first games in years I honestly genuinely enjoy.

I have a thread where some other members have expressed their interest in joining forces! I'd love to get some people together to "Spread Democracy!"

If there was an option to fight against democracy spreaders then I'd be interested in this game.

Oh I have no clue lol, I'm a brand new player. I still have to learn what's best for me to use for the first time. This game is an entirely different concept that ones I'm used to playing so it's a bit of a learning curve for me haha

Not playing it myself, but have really enjoyed watching some others play it. Glad to see the game doing so well :)
