Thread: [Anyone watch Demon Slayer?](#)

Hey,

I was referred to Demon Slayer by a girl I used to know. Watched the Seasons 1 to 4 on Netflix.

I was wondering when the next season will drop or any new content outside of Netflix?

IMO, it's so damn good that I binge-watched the season when the new one dropped. Might catch up on Bleach but waiting on this one.

Me! I'm currently watching it as I post! But bad thing is.. You made me realise there's not many more episodes left! I'm on season 4 episode 3 at the moment.

Season 4 hasn't even aired yet, where are y'all watching this season that hasn't been released yet?

Demonlayer has been an absolutely fantastic anime. It has the best animation I have ever seen before.

EDIT: My bad, I see what you guys mean now

As a fan myself, I still think it's awesome to see. I'm not going to complain about watching Demon Slayer theaters. It's still the same top tier animation, epic ...
