He absolutely did. Almost entirely word for word as well. I just used my bytes just to check this, and the thread you mentioned as well.

EDIT: I went through OPs threads and can confirm this is a time sensitive referral. He's been posting these promos for quite some time.

You can both check my thread history. I have posted this method 3 times so far (since it is time sensitive), you can see the date I posted it first time and compare it to the other user.

No worries, I don't even mind since it is not a private method either.
