[About]

JOKER LOGS - a completely new and fresh solution in the log sector. Our team works daily on new traffic sources, as well as improving the existing ones.

With years of experience in this field, we actively work on providing the best solution out of all available and perfect our solutions regardless of the time it takes.

Our service consists of providing users not just with a resource, but also with the tools and information for working with it, actively adding new features and improving existing ones (we are also actively working on a universal solution in the form of a bot, which you will soon be able to observe).

[Advantages]

- Daily Database Updates with the Latest Logs (ALL GEOs): Our cloud is refilled daily with up to 20,000 new logs,

guaranteeing that every user has the opportunity to make an easy profit.

- [SOON] Access to a Multifunctional Bot for multi-thread Downloading: Upon subscribing, members gain access to

a sophisticated bot designed for the efficient and easy downloading of specific requests from our cloud.

- Guaranteed Assistance with Profitability: Even if you're unable to process the logs in time, we will definitely help you

make the most of our cloud, as well as provide the necessary information and tools for more efficient work.

[Rules]

1.0. We cannot offer a 100% guarantee on return on investment, however, we will assist you at every stage, but much also depends on you.

2.0. The service does not provide for refunds after payment; by making a payment, you automatically agree to all the service's rules (only in extremely rare cases).

2.1. We reserve the right to refuse sale to you without explaining the reason.

2.2. Misleading the seller or technical support, any attempt at deception will result in a refusal to provide any assistance or sale, up to and including being blacklisted by the service.

3.0. For leaking or reselling any information provided in the private cloud chat, as well as information

provided in the bot to subscribed users - Complete loss of access to the cloud without the possibility of repurchase (being blacklisted), and depending on the damage caused - initiation of arbitration.

We strongly recommend saving your transaction information immediately after payment in case of loss of access to Telegram.

To avoid such situations, we recommend conducting the transaction within the forum.

We agree to transactions with guarant (only guarant from this forum).

The cost of guarant services is your responsibility.

[Tariffs]

30 Days - \$449

60 Days- \$749

Lifetime- \$2,649
