Nice contest, very good way to give back to the community.

I am mentioning [SIM-2362145](#) because with all the free crypters, he could probably use some extra cash - or if not, he can use the \$25 to try to get below 25 detections in runtime sometime by 2025 maybe if he tries very hard.

He has me on ignore & I have him on ignore, but I would say we're friends.

Best of luck to all!
