Accepted the contract with my address. Upgrade can be done on your own account as far as it hasn't been part of family plan in past 12 months. Would def need your acc credentials.

Do we need to share account info like user/pass with you or can we do it our selves once payment is complete? I just feel iffy about handing info on one of my main google accounts out. I'm interested in coping one year, please reply or DM :)

Looking for 1 year of YouTube premium for 5 people, does this method still work with the recent VPN crackdown?

The method still works. I can do a family plan for you if you'd like. Were your accounts been part of family plan recently? If so, need to do family plan on master account as earlier if not, can do one upgrade each aswell.

Great! Yeah they are currently part of the same family, is it possible for you to upgrade the master account without affecting the others?

Thank you
