it's said to be "rebooted" or something similar for its 10th anniversary. I really hope so, because I've always loved this manga, but the anime wasn't as good as the drawing style and how it continues the story of the manga in my opinion. Would you like a reboot? And do you think that will be the case?

Hmm I think [Beherit](#) likes that anime

It's just a rumor. But yea I'd like to see a proper adaptation to a great manga series (even if the ending was rushed).

Absolutely zero chance of this.

I agree on this one. I feel the ending was a bit rushed, yet satisfying.

Haven't seen second season but only heard bad things about it lol.

I read some of the manga (especially after the first season), I like to hope it's getting a proper reboot.

I hope atleast.
