Thread: [MAXIMIZING REDDIT TRAFFIC POTENTIAL! ~ My Secret Method!](#)

Eran - March 26, 2024, 6:39 am

This is how I maximized the potential of monetizing reddit traffic. And the potential is HUGE. I did not find this on the internet, this is my own little method I thought of and it worked out great. 20 bytes only!

Enjoy :D

If it was something I leached from somewhere, sure. But this is actually something I came up with and found that works. It's a very fee though. ?

honestly bad post, you should have at least named all subreddits where you post, this is not a "METHOD", and its not worth 20 bytes
