Hello Welcome to vibes new service

Telegram Group Member Stealer

With this service you can steal members from groups on telegram and automatically add them to your own group

this service is especially useful for advertising ANY service as you can steal your competitors customers. The service will not steal bots, however the group members have to be shown.

Pricing is 15\$ per 500 users.

I can also provide a Telegram group finder for 3\$ This service will find ALL groups/pictures/channels or users related to your keyword.

Vouch Copies Will be available for 2 members I deem trusted on the forum in exchange for a review of my service.
