So you registered the same day as OP, vouching without an associated contract? Seems sus.

OP are you giving out any vouch copies?

I've been looking on other forums for a nitro service and to look at HF posts I needed an account. Lol I doubted OP's account too and even questioned him in chat. Feel free to message me for screenshots. I'm aware I look shady, didn't lie saying he's legit.

I bought a YouTube Premium subscription for existing account for 12 months,
so far everything is great, thanks and GWS

Update: I only got 2 month from YouTube Premium for free and 0 month from the Seller, after the end of the free month
YouTube told me his vcc could not be charged. Paid for 12 month from him and got 0 month for him, basically got scammed.
Gonna buy elsewhere now, more than enough cheap turkey reseller around. ?

Wait until you are at the 1 month renewal date, it will end, you will then be persuaded to take a new entirely different account or use his VCC to make your own, he is literally selling you 12 1-month trials.

BEWARE. ONCE YOUR CONTRACT HITS 30D YOU WILL NOT BE ABLE TO EDIT B-RATING EITHER.

If you buy the cheaper option you get a new account this is your option, do not pollute the location any more ?

All services active ??

Still have an active deal dispute. User scammed me for a year long subscription had me make an account and then attached a 30-day trial on it. Tried to offer me 11 more trials after that, not AT ALL what I paid for, beware. I am a contracted customer, still hasn't resolved, has been weeks.
