Yeah. Just came across this seller selling at \$70 while I'm selling at \$20 and there are many selling at even higher. so it's a really good deal for new users looking to buy this \$400 premium in \$20.

I noticed you mentioned these are upgraded via E-giftcard, are you able to just provide the giftcard so I can redeem on my own?

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.
