Wow so much has changed on here but still feels like home, I haven't been on this forum in over 10 years. It used to be chaos but seems like a chilled out place now! Hope there are still some old timers on here ?

There's a lot of us old timer's on here actually. I made my account back in 2012 but I wasn't active for several years. What was your name previously?

I wonder what was your username before? Welcome back to where you belong ?

Welcome back, I just returned myself!

Hope you are well, some things have definitely changed. The [Help Docs](#) contain any functional information, stickies in categories generally have more.

The marketplace system utilizes contracts now, for more credibility & accountability (reflects in user stats). But still be safe and exercise caution, as it doesn't prevent or insure anything.

Omni is still very active, I enjoy the forum as much or more as before. The games are fun, too.

Hope you like what you find!

Not sure where you went, but glad to have you back! Nice to see people returning to the forum after years being away. No reason we can't get this place jumping again. Nice to see you didnt waste any

time in upgrading.

Well back in the day it was a crazy place to be apart of! Alot more blackhatish then today, but I have accomplished a whole ton of stuff since those days as kid. Ive got CompTIA Network + and Security + certs.
