Hello everyone

So

"If you could have dinner with any fictional character, who would it be and why?"

For me i choose aladin!

What about u?

I'd choose someone with a high intelligence level. Because I'd like to learn from what makes them so smart

Nothing comes to mind tbh, I don't think I have any favorite fictional characters.

Well firstly i would choose charles lucky luciano the italian gangster as a i have a pasion for this intelligent mafia mens as i would be courious about his character ,how it feels to be around him etc
And second its not a seond character and its jenifer lopez as i would see that big a-- and who knows maybe i will be able to you know what i mean

It took me a moment or two to decide, but I'm going to have to go with Agent Dana Scully from The X-Files. I'd thoroughly enjoy her company.
