Thread: [The Silence of the HUM's \(SACRIFICE THREAD TO DemonAsylum\)\)](#)

OpSecSurvival - April 12, 2024, 9:34 am

So Every HUM I get, I am going to offer up to the HF Gods of HAKUMAN and sacrifice my EGGS to certain Gods (OG members that RULE OVER HUM) to appease them and hopefully earn a sacrificed award

who knows, since they befall death no matter what we do... I choose to offer TWO eggs today to @DemonAsylum@ to consume and destroy. to suck the souls of my HUMS with ZERO remorse.

[DemonAsylum](#)

I present an Amethyst and a Ruby egg

Demon... just Let me know what to put their necks on the Log! I'm going to screen record their deaths (HUM SNUFF) lol

Doing this just for FUN because we cant rly play HUM anyways because it's just the way it is.

So let this be for ENTERTAINMENT folks, No HUMS were actually blood sacrificed in these methods lol (that's for PETA)

LET THE SACRIFICES BEGIN!!!!

Thats basically how's it's always going to be. HUM was conquered long ago lol

I figure we can have some fun with it instead of feeling like shit every time an award (badge) goes bye bye

we get attached to these eggs sadly lol

I still VOTE for a HARDBOILED option!!!
