Thread: [How to Bypass face verification?](#)

doc0106 - April 14, 2024, 5:52 pm

Hi evereboddy!

Who can write soft or help with bypass face verification?

Or write DM

so yes it's very simple there is software that allows you to make face scans from images to make them 3D and directly put them on your camera as a deep fake I think there is free and Open Source software on GitHub go see
