Thread: [What are you Thankful for today?](#)

Mooooookie - April 21, 2024, 2:39 am

The other day you guys were given an opportunity to let off a little steam, and expressed your complaints for the day. Now for the flip side of things, what are you thankful for today? If you can pick one thing, or even a couple things that you're thankful for.. go ahead and share them.

Me, myself, I'm thankful for another day on this Earth, I'm not the healthiest but thankful for the health that I do have, thankful for the success of my business and side projects that I've been working on, thankful to have a good relationship with my family. Those are the tops things I'm thankful for off the top of my head. Would love to hear what you guys have to say.

I'm thankful today that I'm feeling much better than I did yesterday. I don't know what happened, but I had a really bad headache when I was out yesterday, when I got home I was vomiting and my head was absolutely pounding the entire night :/

Beer. A beer a day keeps the dumbfucks away.
