Thread: [I am leaving HF, feeling demotivated!](#)

Chapman - April 23, 2024, 10:08 am

Well, i was trying my best to share HQ stuff. I was giving my maximum time but some of members and even staff members thinks i post rubbish. They gave me negative reputation it means i am not valuable to this community. It really makes me demotivated. So, i decided to take a break.

Thanks to everyone. I wish you all the very best of luck.

Don't personally know you or what kind of content you provided so I don't have a say in this. Maybe a break is better than leaving permanently. Wish you best of luck!

Hey there, I'm sorry to hear that you're feeling demotivated. Remember, haters gonna hate, potatoes gonna potato. It's all about finding your own path and doing what feels right for you. Take that break, recharge those batteries, and come back stronger than ever. Your value isn't determined by the opinions of others.

You shared a deepfake tool to undress women.

Beyond being highly immoral, sharing such a link in a thread is not considered as "HQ".

Women don't need to be threatened with fake nude photos of themselves. These kinds of tools could enable people to engage in blackmailing, extortion, threats, and this behavior could lead victims to significant psychological distress, loss of employment, increased harassment, or even worse outcomes.

I didn't warn you, I didn't ban you, I leaved a neg rep so you can think about it twice. Just a reminder from the [Help Docs](#) :

8. Be kind to others. How hard is it not to be an asshole?
9. Act like you're older than 16 even if you aren't.

Imagine if someone uses this tool on your mother, sister, girlfriend, and decide to share the pics ?

Closing this thread, no need to start a drama.

Take a moment to think about it.
