Thread: [WTS OSRS MAIN w/ 29M Bank - Fire Cape - Good Main Starter](#)

Burger - April 28, 2024, 5:09 pm

Selling my OSRS account, I am the original Owner and have the email and everything attached! I can move it over to your email or whatever you would like, I do not play anymore and just lost interest in the game. It has a 29m bank, d defender, 22m cash stack and fire cape. I've got alot of quests knocked out and a few capes for teleportation and such.

Make an offer! Worst I can say is no, I'm just looking to make some quick funds via crypto. Contract is a must and I will not go first unless really reputable member!

It's rather pointless to post an account for sale with no stats. Really, it's only worth the bank value without the rest to go with it.

Good luck getting this sold. I'd probably take [Miles Teller](#) up on his offer, the accounts market is brutal right now.

Account offer has been placed, waiting on buyer to finalize the deal. I will update here in 24 hours if sold or still available!

Account is sold, thread is closed. Thanks @Miles Teller@ for the quick and smooth transaction!
