Thread: [**\\$75 Worth of Gifts Giveaway** Upgraded Members Only!](#)

Mooooookie - May 3, 2024, 6:22 am

This Giveaway will be for a total of \$75 worth of Cash and Prizes!

\$25 & the Emerald Heart / Ace of Spades Award - Win money & 2 awards in one Giveaway!

Contest is available to: Upgraded Members Only

In a bid to continue and spread positivity on the forum, inspired by one of [Charlie Sheen](#)'s post, the rules for the contest will be as so:

- Quick Love This Post
- Give Max Popularity(+rep) to 5 new members on the forum,
- List the users who you gave max pop on your reply/entry.
- New will be classified as any members who have joined the forum within the past 90 days.
- The Users who you give the Max Popularity(+rep), can't be users that were already +rep'd by someone else who has participated in the giveaway.

Giveaway will end in approx 14 days, on or around May 17th, 2024.

You can enter the contest as many times as you would like, but you can only put one entry every hour. If you don't follow the rules to the contest, your entry will not valid. If you Max Pop/List users that have already been Listed/Max Pop'd by a previous entry, your entry will not be valid.

If you would like to win, follow the rules. Trying to cut corners will just lead to your entry not being valid. Every entry will be checked and validated.

The way you're doing it, is overly confusing. Everyone has only 5 users listed in their post. You have 5 users + user from other entries. I'm going to give you an opportunity to fix those posts, to include only 5 users in each post. If you don't correct them, then I can't validate them bro.

Haha, I get it bro. All good. I just have a system for checking all the entries, and with them mixed up in one post, it made it confusing cause I had to check back between posts... figured it would be easier if you just edited them. Thanks for doing that, and I have validated all your entries. :]

You did good on finding all members who have joined within the past 90 days, but you didn't give any of them +Rep .. so can't mark the entry as valid.

Oh yeah my bad, it takes time to find those members and my strategy is to give them +rep once I have verified that their accounts are less than 90 days. ?

"The Users who you give the Max Popularity(+rep), can't be users that were already +rep'd by someone else who has participated in the giveaway."

Good question, and I have a good answer for you too!

Easiest way to know that you're not giving +rep to users who have already been +rep'd by other users who have participated, is to go thru the posts from the start of the thread, and make a list of all the users other users have tag/rep'd(can easily copy and paste them into notepad), and now you will have a list of all the users who have already been tagged.. so when you find your users to tag, you can just enter them into the search box in the "find" tool in notepad, to confirm they are not already in your list of users. This how I'm able to check each entry. Hope that helps.
