Thread: [#1 PRIVATE SPREADING METHOD | BEST FOR SPREADING BEGINNERS -->GET CLIENTS TODAY<--](#)

redbaron - May 6, 2024, 9:36 am

I am offering an INCREDIBLY straightforward spreading method that can literally get you clients right now. It is beginner friendly and geared towards spreading noobs who want an easy way of getting some clients. The only requirement on your side is your file being hosted somewhere.

This method does NOT involve:

- Youtube spreading
- Forum spreading
- Torrent spreading
- Email spreading
- Pirated/cracked software

With this method I guarantee you can get tens to hundreds of clients per day. You will also receive support from me to assist you with this method.

I will be giving away one vouch copy.

Since I don't want this to get oversaturated I am only selling 15 copies. The price is 80\$. I will offer it for 60\$ for the first customer. I accept crypto only.

Are you still giving vouch copies? I know I'm not upgraded but I will try your method extensively and give a comprehensive review about it. If you think I deserve a vouch copy, send me a contract, if not, just ignore this post
