If you could have dinner with two celebrities dead or alive. Who would they be?

Absence - May 8, 2024, 2:44 pm

Robin Williams and Wolfgang Mozart.

I think it would be a great time, don't you?

I second the motion!

I'd enjoy having a dinner with Arnold Schwarzenegger, during his prime. My second guest of choice would be Frank Zane.

Charlie Sheen - May 8, 2024, 6:31 pm

Joe Rogan and Shane Gillis probably. That's just off the top of my head, and I'm sure if I thought about it more I would probably have a better decision on who.

I think I would skip the celebrities, and just take the dinner! While I have some celebs that I enjoy, there are none that I am particularly keen on having dinner with. I think I like them inside my TV, entertaining like they normally do. Not sure I'm ready for the big dinner date with my celebrity crush just yet.

That would be a great duo to dine with. I definitely enjoy the podcasts they've done together. I'm sure you'd be in for an interesting evening.

Haha, well.. I've had a couple over the years while growing up. Let's see, where do we begin... the girl from the big bang theory, i always had a thing for her while the show was on the air, haven't really seen what she looks like as of lately. Another female I had a crush on for years, was the lady from the television show King of Queens... she's not the most popular celebrity in the world, but its something about her New York accent that I have always adored. Pretty sure there are a couple more of them, that I can't think of off the top of my head.
