What is the refund policy if say 6 months from now, Google starts to lock family plans to single locations?

If say I bought a year right now, and 6 months from now, something by Google stops this method working, would you refund \$10? Or do I just suck it up?

And locking out location will ruin millions of users experience accessing family accounts

And even spotify have same pattern

We guarantee you 1 year of premium And upgrades will be done through my own family account

The 1 year guarantee is good, however in terms of "it's worked before so it will in the future" -
Steam removed currencies at the end of 2023 to stop people doing similar to what you're offering,
and Netflix introduced their single household password sharing crackdown.

I love these services, but do feel providers need to be ready for the offchance that Google, Spotify
etc crackdown abit. Thanks again for clarifying your guarantee and good luck with sales.

This is for upgrading the accounts we already have, and not getting an account that already has
premium on it, right? If yes, then shoot me a PM please.

OP granted me access to YouTube Premium at a nice discounted rate, got the job done in less then
2 minutes. I would recommend.

Do you still offer the 12month plan ? please let me know thanks .

Stanley - *February 25, 2026, 5:11 am*

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
