Thread: [RealOGs Botshop | Unique Traffic Sources | Geo Targeted | Test Available | Trusted](#)

Real-OG - May 10, 2024, 10:19 am

Welcome to Real OG BotShop

These loads are 100% Unique, meaning the bots are not shared among other users. However we do have rules to prevent our traffic sources from being banned.

There is a steady stream of traffic, averaging 400-800 bots daily from tier 1/2 countries mostly. We provide geo targeted bots for a higher rate. If you do not see it listed please ask.

Prices:

- 100 World Mix Bots TEST - \$25 (FILE MUST BE FUD)
- Crypting Service - \$30
- 1,000 World Mix Bots - \$200
- 5,000 World Mix Bots - \$1000
- 10,000 World Mix Bots - \$1800
- EU Geo Bots - \$1.5/ Bots, 100 Min
- USA Bots starting at \$2.50/Bot, 100 Min.

Statistics will be provided, remember, if your file is shit and has execution errors that is not our issue. Make sure to test your file and ensure your execution rate is something you are happy with. Escrow Accepted

Rules:

- No escrow for specifically crypts.
- NO RANSOMWARE/DDOS/MINERS, THIS RUINS OUR SOURCE AND STRESSES BOTS.
- No re-sends (we can pause a large task if you need to recrypt). YOU PAY FOR ONE SEND.
- Upload your file to DIRECT link domain.com/file.execution
