Cheap hosting for YOUR malware!

Hello my fellow HF family! I am offering CHEAP malware hosting basically, you will pay to host the malware for either 1 Month or 1 Year with an option to renew at the end of the lease. You will not have access to the server directly however you will have your folder with your malware bins inside that folder, if you are interested please fill out a contract and or PM me with what your needs are specifically (how many files? how long do you need? etc). Your link will be a Dedicated IP with a file path. I plan on having some actual domains for your links, this will be an update soon! Prices are as follows below,

1x Bin / 1mo - \$1.00
1x Bin / 6mo - \$5.00
1x Bin / 1yr - \$9.00

Unlimited Bins,
1 Month - \$3.50
6 Month - \$18.00
1 Year - \$30.00
