Have you ever accidentally farted in an inappropriate setting. I feel ive farted once or twice in class but no one noticed

Perfect - May 14, 2024, 3:45 pm

Well don't do that.

Interesting post.

L?G?ND - May 14, 2024, 3:56 pm

I've farted during mid squat, at the gym.

Blogger - May 14, 2024, 3:58 pm

I farted in class once in junior high. The boy sitting next to me heard it and yelled it to the class. I said it was my thighs clapping together as I was standing up and sitting down, then I proceeded to call him stupid and tell him to shut up. My first gaslighting. lol

Absence - May 14, 2024, 5:26 pm

Yeah when doing core exercise in gym class, completely quiet except for working out noises.

Also, the silent but deadly in class?! Lol! That was the power move of a couple kids in middle school.

One of the worse is when you fart when you sneeze. Well for me anyway because I'm one of them ones who shouts 'AH CHOO' so you can imagine how hard I sneeze. So squeezing a fart out hard kinda hurts.

This is just such a horrendous post but it's true and will go towards my lounge award loool.

OpSecSurvival - May 15, 2024, 4:56 am

This post made me fart... idk how.... but it sounded like a bed-sheet ripping in half.... so that's not good.... checks ass

I once couldn't hold one back in a microbiology lab... thankfully it already is full of horrendous smells so my actions went noticed by the other technicians.

HOMODIN - May 15, 2024, 5:07 am

Crop dusting is the way to go, that way no one will know it was you ;)

I just accidentally farted while at my dentist appointment. Was a little whisper but I cleared out everyone lmao.

grady - May 15, 2024, 12:19 pm

I've ripped one while speaking at a conference. Didn't go through the mic thank god but the presenter next to me starting laughing while they were talking.

Yeah sometimes but not caught yet, or thats what i think

diablospartan - May 15, 2024, 11:47 pm

Well i do it but not in a awful place ,mostly alone or maybe with my parents

Regarding this situation its all about your atitude ,if you dont give a shit people will also not care but if you feel very embarased then will people will also give you that shame to you

Interesting post.

Share your experience, bro. Where have you accidentally farted when you didn't mean to?

Once or twice during fun times with the gf, I accidentally farted. Thankfully they weren't loud and they didn't stink. At least my GF didn't notice... or she didn't say anything about it ?

ELP4P4 - May 16, 2024, 1:24 am

No way, 100% under control no fart without permission. lol

I don't nobody can say NO

Aeowulf - May 16, 2024, 7:41 am

I snarted in the middle of a business meeting. The guy across from me pointed, laughed, and said "Did you just snart?"

Only thing I could do was own it.

I did a cough fart last night while trying to sleep ? what is that one called? Cart??

geek76 - May 16, 2024, 11:27 am

I shit my pants reading this while choking my chicken

\$!uo2H%gE# - May 16, 2024, 11:33 am

It's normal to fart. When you shit your pants, then that is a problem.

Definitely not. I honestly don't know if it was loud or not, but I felt a fierce vibration. Headphones were blaring and I was too focused to be embarrassed.
