Kindly exercise some patience, I am currently working on minor backend order fulfillment automation to reduce time to fulfill orders plus orders coming in. I will reply your PM once this is done which shouldn't take the whole week/end.

Also for others that already requested for vouch copies I'll be reaching out as soon as we complete this milestone.

Hello,

I signed up on your website but still as confused as to how to place an order and get SMTP server. What does it cost? \$97 for setup and \$30 for server?

You can place an order using the navigation tabs. Yes, onetime \$97 setup fee and \$30 for server depending on the resource you need.

Hello, can you tell me, please? Do your servers deliver letters to Russian mail? mail.ru, yander.ru, bk.ru and etc.

simple101 - February 12, 2025, 1:53 am

Please for your smtp servers .

the \$97 for setup fee is it one time ?

And after i pay for the setup

I will only need to be buying the monthly servers for \$30 right?

Can you clarify ... the \$97 aint monthly ?
