Hi everyone,

- The review must come from a Real IP, Real Aged PlayStore account (not a new one).

If you are interested, please send me a private message, and I will share the details.

Thanks

It would be ideal if you mentioned in your OP that you wanted us to download an app, and run it for 5 minutes. Your OP says you want a detailed review, not credit for referring someone to an app. That's pretty misleading.

I'm not sure what is misleading. First of all, you can't give a review in PlayStore without installing the app. I think you are misinformed here.
