Of course you're not a fed. You claim to be a woman, and anyone who's been online for long enough knows that anyone claiming to be a woman is a man, anyone claiming to be a man is actually a child, and anyone claiming to be a child is a fed. So if this Stephen person is claiming to be a man we know that there's the child. If both of you claim to have a child together and that child is on here? There's the fed.

Really though, enjoy your stay here.

Welcome to the site.. you've made a horrible entrance. Doubt you're a fed, as you wouldn't of mentioned it.. and even if you were, I wouldn't gaf, as I'm not doing anything fed worthy. But either way, you should take a moment to read and understand the [Help Docs](#), which are the rules of the forum, as you're already at -15 and its only been a little over a week since you've been here.

Good luck on straightening yourself out.
