Thanks. It's pretty amazing to see these high-res photos and animation loops. I'm enjoying looking at the movement of wind and clouds.

What a website. I wonder how it's tracking dust/air vapour and what not. Insane.

Mustys - May 22, 2024, 5:11 pm

I will check this out, thanks for the advice.

looks dope what do you do with it?

Chung - May 23, 2024, 2:00 am

Doesn't seem to work properly on my iPhone. I'll have to come back and check it out when I'm on my laptop later.
