What's the craziest thing you have ever done ?

DemonAsylum - May 24, 2024, 9:58 am

Mmm nothing really comes to mind. Maybe I've blocked it out because it was TOO crazy.

L?G?ND - May 24, 2024, 12:58 pm

I'm sure there are many crazier moments, but the first thing that came to mind was the time I chugged wine through a gas mask.

I once lost 12 bitcoins in a single bet on a crypto casino back in like 2015.

I still think about that regularly.

Motusora - May 25, 2024, 12:14 am

- someone threatened me and my friends by sending his picture while holding an unlicensed firearm
- made a fake profile and uploaded his photo
- posted the photo in a facebook group while using his name and photo
- police visited his father's house since he's a minor (17)
- he then surrendered to the police but got released after few days.

I have done tons of crazy stuff in the past few years but one thing I could share is getting high and replacing live data of a certain space agency that displays a map and its live weather updates. Most of the graphical representations in their map were represented using GeoJSON files.

What I basically did was I replaced their live GeoJSON files with files containing plots representing a dick and my friends were laughing with me while I do this. The station updated and replaced it after 6 hours based on what I can remember. I did this before midnight and they updated this around morning time.

Hope you have fun my friends while reading this. ?

Made decisions that would effect me for a while without even hesitating! Even some lifelong ones!

But I do not really feel the need to confess, as they aren't heavy on me.

I am super restrained and super responsible.

So idk

Travelled across the globe alone.

Never smoked anything, but accidentally took a 60mg edible THC gummy. That sucked.

Nothing too crazy.

diablospartan - May 26, 2024, 11:03 am

Well when i live in central london someone teach me an unethical way to make money
Was consisting of pissing paracetamol pills until it becomes powder and trick people its cocaine
Then going late in night at festivals ,clubs etc you will search for people who seems like they are
under drugs influence and want more ,findung people was an easy task
Just that some black people find out that its not coca and we have a great marathon of runing in
that night
If those people were able to catch us maybe i will not be able to post now (you know what i mean)
