My spotify "lifetime" Upgrade got removed by spotify for being out of france for longer then allowed (never was in france? Bought the upgrade for Germany) and the seller doesn't reply to my messages.

Hopefully he logs on soon to see this, but how long have you been trying to get in contact with him? He was online 42 hrs ago, so hope this is solved

[BITCHLESS](#) tagged for visibility.

Had a short conversation on PayPal, user is obviously scamming. I don't think I'll see that money again. If I don't receive a refund in 7 days I will take action against his PayPal Account.
