Hey, wanna score some extra points? Use my referral code and we both get 1000 points! It's easy—just scan your receipts and rack up those points. You can cash them in for gift/cash cards. Seriously, it takes just a second to scan a receipt. I've been at it for about six months now and I'm almost at the \$100 Visa card mark. The app's available on IOS and Android. Use the code: WB5RN4 or use the link: <https://referral.fetch.com/vvv3/referralsocial?code=WB5RN4>.

App Name: Fetch

Yeah, Been using this app for a few years now. It's super slow but some earnings are better than none. Great referral

It's slow but it's 0 work. I go grocery shopping a lot so it does eventually add up. I've been doing this for about 6 months. Have you cashed out anything good?

Yeah, exactly. I just normally redeem for grocery store gift cards.
