Eran - May 29, 2024, 11:37 am

My good vibes and positive attitude irl. Especially at my last workplace, they said whenever I'm gone they would miss the vibes I bring.

what kind of work did you do? I try to bring good vibes... but where I worked everyone were nothing but assholes. I mean they discriminated against me.

I got none... The only thing I got was reorganizing forms in a way you can quickly fill them and making it available online.

Honestly, my work ethic gets me good credit. I am very fast & efficient at what I do and after I learn my grove I move at a very speedy pace with a lot of attention to detail and finesse. Also, I get my Good Vibes & Goofy attitude are very helpful in the sense that I'm very outgoing and love to spark a smile, I believe this comes from being a person with Depression and just wanting to please others and give others happiness.
